

INTRODUCTION

The Center for Private Financing is pleased to provide the program guidelines and application for the Industrial Development Authority (IDA) bond financing program. This is a regulatory program, which reviews and approves applications for all tax-exempt and taxable projects being financed through an IDA.

The attached guidelines are intended to give an overview of the eligibility criteria and application procedures for this program. The application is composed of the Department of Community and Economic Development's "Single Application for Assistance" form as well as appendix pages specific to the IDA bond financing program.

All applications must be submitted by an IDA to the following address:

*Department of Community and Economic Development
Center for Private Financing
Commonwealth Keystone Building
400 North Street, 4th Floor
Harrisburg, Pennsylvania 17120-0225*

If you have any questions concerning the IDA program, please contact the Center for Private Financing at (717) 783-1108.

FOR IDA BOND FINANCING**

IDA Program Guidelines

Please read the IDA Program Guidelines carefully before filling out the application.

Instructions for page 1:

The "Applicant" is the Industrial Development Authority (IDA).

The "*Beneficial Owner/Developer*" is the legal borrower of the bond financing. The Beneficial Owner/Developer can be a corporation, a real estate developer, a holding company, a partnership, an individual, or other entity.

The "*Company/Occupant*" is the company which will occupy the facility being financed, if different from the Beneficial Owner/Developer. The two entities are not required to be affiliated with each other.

A Federal Employee Identification Number (FEIN) must be provided for the Beneficial Owner/Developer and the Company/Occupant.

On page 2 of the Single Application, please list the "IDA Tax-Exempt" or "IDA Taxable" as the specific funding source. These terms should also be used on for the Budget for Sources.

Instructions for page 2:

Under Project site location(s), list the number of full-time jobs currently at the project site or to be transferred to the project site. List the number of jobs to be created at the project site within three years.

Instructions for pages 3, 4, 5:

Under Acquisition, please separate land and building acquisition costs. If equipment within the building is also being acquired, please list these costs under used equipment.

Under Related Costs, please list closing costs in the "Closing Costs" subcategory.

Under Project Narrative, narrative items D and E do not need to be completed for the IDA program. The narrative should include business descriptions of the Beneficial Owner/Developer's and Beneficiary's primary operations, as well as a project description.

Instructions for page 6:

The Certification must be signed by the Applicant (IDA) and by the Beneficial Owner/Developer. If a corporation, the certification page must be attested by the corporate secretary.

Instructions for IDA Application Appendix:

In addition to the Single Application, the IDA Application Appendix (pages A1-A7) must be completed. Please verify that all applicable exhibits listed on the IDA Exhibits page are included with the application. If any of these exhibits are not included, please explain thoroughly in an attached cover letter.

ALLOCATION GUIDELINES

I. STATEMENT OF PURPOSE

The Tax-Exempt Bond Allocation (TEBA) Act requires the Department of Community and Economic Development to review and process requests for volume cap allocation for qualified projects being financed through the Pennsylvania Economic Development Financing Authority (PEDFA), Industrial Development Authorities (IDAs), or other bond issuing authorities such as redevelopment authorities, the Pennsylvania Housing Finance Agency, and the Pennsylvania Higher Education Assistance Agency.

The following guidelines are intended to give an overview of the rules and regulations governing the allocation program. These guidelines are subject to changes in either federal or state law. *A qualified (Red Book) bond counsel should be consulted for additional details regarding eligibility under federal tax law.*

II. ELIGIBLE BUSINESSES

In accordance with federal tax law, the following types of projects must obtain volume cap allocation in order to receive tax-exempt financing:

1. **Manufacturing Facilities:** Defined under federal law (Section 144) as "the manufacturing or production of tangible property (including processing resulting in a change in condition of such property)." At least 75% of the tax-exempt proceeds must be used for manufacturing activities; a limit of 25% of the proceeds may be used for office, research & development, and warehousing, provided that they are located on the same site as the manufacturing facility and are directly related to it.
2. **Exempt Facilities:** Certain facilities designated by federal tax law (Section 142) as eligible for tax-exempt financing. These facilities include:
 - a. Solid waste disposal facilities (Section 142 (b))
 - b. Sewage disposal facilities (Section 142 (b))
 - c. Local furnishing of electricity or gas (Section 142 (f))
 - d. Furnishing of water (Section 142 (e))
 - e. Hazardous waste disposal facilities (Section 142 (h))
 - f. Local district heating or cooling facilities (Section 142 (g))
 - g. Mass commuting facilities (Section 142 (c))
 - h. High-speed intercity rail facilities (Section 142 (i))
3. **Residential Rental Facilities:** Facilities (Section 142 (d)) which provide multi-tenant residential housing and meet the following criteria: either 20% or more of the units will be occupied by individuals whose income is 50% or less of the area median gross income, or 40% or more of the units will be occupied by individuals whose income is 60% or less of the area median gross income. These facilities may include assisted living and continuing care retirement facilities.

4. **Qualified Mortgage Bonds:** Obligations issued (Section 143) to finance qualified owned occupied residences, including acquisition and construction financing and qualified home improvement and rehabilitation. This category of private activity bonds may also include qualified mortgage credit certificate programs. These allocations will be available only through the Pennsylvania Housing Finance Agency.
 5. **Qualified Student Loan Bonds:** Bonds issued to finance student loans, in either a Federally guaranteed program or a state supplemental program.
1. **Exempt Facility:** Some exempt facilities, such as airports, docks, and wharves, do not require volume cap allocation, but do need department approval.
 2. **Manufacturing Projects:** Defined under federal law (Section 144) as "the manufacturing or production of tangible property (including processing resulting in a change in condition of such property)."
 3. **Non-profit 501(c) (3) Facilities:** Facilities to be used by charitable organizations that have 501(c) (3) status from the Internal Revenue Service. These include nursing homes, health care facilities, and educational facilities.
 4. **Exempt Facility:** Some exempt facilities, such as airports, docks, and wharves, do not require volume cap allocation, but do need department approval.
 5. **Taxable Projects:** All Businesses qualified to do Business in PA may be eligible for taxable financing. Speculative activities are not eligible.

IV. ELIGIBLE USES OF FUNDS

Tax-Exempt Projects:

1. **Land:** Includes acquisition, site preparation and testing costs.
2. **Building:** Includes acquisition, construction, rehabilitation, engineering, and architectural costs. For building acquisition, rehabilitation in an amount equal to at least 15% of the portion of the building acquisition cost being financing with tax-exempt bonds must be done within two years of the bond closing.
3. **Equipment:** Includes acquisition, delivery, installation, renovation. Used equipment may qualify only if contained within a facility being acquired through tax-exempt financing.
4. **Refunding:** Of outstanding tax-exempt debt as allowed by federal law.
5. **Closing costs:** No more than 2% of the tax-exempt financing amount.

Taxable Projects:

1. **Land:** Includes acquisition, site preparation and testing costs.
2. **Building:** Includes acquisition, construction, rehabilitation, engineering, and architectural costs.
3. **Equipment:** Includes acquisition, delivery, installation, renovation of both new and used equipment

4. **Refinancing:** Of any existing debt.
5. **Working capital:** Includes inventory and business operating expenses.
6. **Closing costs:** All closing costs can be paid with taxable proceeds if borrower desires

V. ALLOCATION PARAMETERS

Minimum Loan Size: There is no minimum loan size for IDA tax-exempt or taxable financings. However, all projects, which require volume cap allocation, must be in multiples of \$1,000.

Maximum Loan Size:

1. **Manufacturing Projects:** Under federal law, the Beneficial Owner/Developer and Company/Occupant, along with their affiliates, together cannot incur more than \$20,000,000 of capital costs, in the city or municipality of the project, during a six-year period beginning three years prior to the date of the bond closing. These capital costs include the current project costs and any outstanding tax-exempt debt. Up to \$1,000,000 of tax-exempt financing, including outstanding tax-exempt debt is allowed without regard to the \$20 million capital costs limit.

In addition, the Beneficial Owner/Developer and Company/Occupant, along with their affiliates, together cannot have outstanding tax-exempt debt anywhere in the United States or its territories in excess of \$40,000,000, including the current financing.

Manufacturing projects may be limited by the availability of "small issue" volume cap allocation.

2. **Exempt Facility Projects:** These projects may be limited by the availability of volume cap allocation. In addition, all exempt facility projects that will require allocation of ***\$50 million or more*** must be financed through the Pennsylvania Economic Development Financing Authority.
3. **Housing Projects:** These projects may be limited by the availability of volume cap allocation.
4. **Qualified Student Loan Bonds:** These projects may be limited by the availability of volume cap allocation.
5. **Non-Profit 501(c) (3) Projects:** The non-profit entity and all related entities cannot have more than \$150,000,000 of outstanding non-hospital tax-exempt debt, including the current financing.

Loan Term: For tax-exempt projects, the term of the loan cannot exceed 120% of the depreciable life of the assets. The term should be negotiated between the Beneficial Owner/Developer and its bank.

VI. PROGRAM REQUIREMENTS

Job Requirements: Both new and existing full-time permanent jobs, at the project site only, are counted for this program. Existing jobs include jobs which will be transferred to the project site. A letter from the company verifying its job estimates must accompany the Preliminary Allocation Request.

1. **Tax-exempt manufacturing projects** must create and/or retain, within three years of the financing, one full-time permanent job for every \$50,000 of financing requested.
2. **All other tax-exempt and taxable projects** must create and/or retain, within three years of the financing, at least ten full-time permanent jobs per financing

Commencement: All new tax-exempt and taxable projects must receive project approval from the Secretary of the Department of Community and Economic Development (DCED Secretary) before the IDA issues the bonds or otherwise finances the project. The project may commence and project costs may be incurred prior to this project approval; however, to comply with federal tax law, tax-exempt projects should not commence prior to IDA inducement unless otherwise directed by bond counsel.

Refinancing: If an IDA is refinancing one of its own outstanding projects, project approval from the Department is not required; however, the Department must be notified of the refinancing. If there are any new project costs being financed by the IDA along with a refinancing, DCED project approval is required for the new costs.

If an IDA is refinancing a deal originally financed through another IDA or any other authority, then DCED project approval is required, as this will be considered a new project of the IDA.

Relocation: Relocation of a company from one labor market area of the Commonwealth to another is prohibited, unless a waiver of this requirement is obtained from the DCED Secretary. Please consult staff to determine acceptable circumstances for a waiver to be considered.

Interim Financing: No portion of the tax-exempt financing may be used as interim or bridge financing, pending receipt of other permanent financing.

Taxes: The Beneficial Owner/Developer and the Company/Occupant, along with their principal owners, must be current in payment of all applicable state and local taxes, and all other obligations to the Commonwealth or any agency affiliated with the Commonwealth. Tax compliance checks will be run on these entities through the Department of Revenue.

Religious Affiliation: IDAs are prohibited from financing religious facilities. If the Beneficial Owner/Developer or the Company/Occupant has a religious affiliation, they must verify in the application narrative that no bond proceeds will be used to finance religious facilities (such as churches, chapels, or seminaries) and that the facilities will not be limited to use by, or preference given to, persons of a certain religious affiliation.

Project Approval: All projects being financed through IDAs must first submit the Department's Single Application for Assistance, along with the appropriate appendix materials, and receive "project approval" before submitting allocation requests. The amount of allocation requested cannot exceed this project approval amount. Any change in the sources and uses of funds from the Single Application should be noted on the PAR.

Housing Requests: Allocation requests for housing projects will be considered only for state-wide issuers, including PHFA and PEDFA.

Bond Counsel Opinion: A preliminary opinion from a qualified bond counsel must be provided at the time of application for every tax-exempt project of \$400,000 or greater. This opinion should specify the federal tax-exempt category for which the project qualifies. The bond counsel that provides this opinion should be listed in *The Bond Buyer's Municipal Marketplace* (commonly referred to as the "Red Book").

VII. APPLICATION SUBMISSION & ALLOCATION REQUEST SUBMISSION PROCEDURES

In order for the IDA to be eligible to submit applications, it must be current in the filing of IDA Annual Reports to the Department.

Allocation requests must be submitted to the Department's Center for Private Financing by the Industrial Development Authority. Requests will not be accepted directly from the company or bond counsel. **Allocation requests should not be sent to the Department's Customer Service Center.**

The Department has 20 days to review and evaluate a complete application. The application will not be considered complete without the required attachments. The IDA will receive written notification from DCED Secretary when the project is approved.

Projects may not be financed by the IDA in an amount greater than the amount approved by the DCED Secretary. If the financing amount increases, the IDA must request an increase in the approved amount.

After receiving the DCED Secretary's project approval, certain tax-exempt categories designated by federal tax law must apply for volume cap allocation in order to proceed with the project financing. These categories include small issue manufacturing, exempt facility, enterprise zone, and multi-family housing projects.

Non-profit and taxable projects do not require volume cap allocation, and can close any time after receiving the DCED Secretary's project approval. After closing, the IDA must send written notification to the Department indicating the closing date and amount closed.

Preliminary Allocation Request: Preliminary Allocation Requests (PARs) may be submitted at any time during the calendar year, however small issue manufacturing projects should be submitted by the Issuer at least two weeks prior to the scheduled bond closing. If closing does not occur within the calendar year, then the PAR must be re-submitted the following year.

Carryforward allocations will not be approved for local issuers such as Industrial Development Authorities or local housing authorities.

For exempt facility projects, the PAR may be submitted at any time; however, since these requests are competitive and approval is not guaranteed, **bond closing should not be scheduled prior to receipt of a preliminary allocation approval.**

Once the Department has approved preliminary allocation for a project, the Issuer will receive written notification, in form of a preliminary allocation approval certificate signed by the Secretary of Community and Economic Development. This approval reserves allocation for the project for 90 days, upon receiving preliminary allocation approval the project must close within these 90 days or allocation for the project will be rescinded. Escrow closings by local issuers are generally not considered valid closings. If the Issuer fails to close within the required period, the Department will automatically withdraw the preliminary allocation approval, instituting an automatic penalty period of 60 days before the Issuer can reapply for allocation for the project.

Final Allocation Request: *The Issuer must submit, and the Center for Private Financing must receive, a Final Allocation Request within 15 calendar days after bond closing, or the allocation for the project will automatically be rescinded.* This Final Allocation Request must include a completed Internal Revenue Service 8038 form, which lists the closing date and the amount of allocation used. The financing may not close in an amount higher than the approved preliminary allocation amount, unless the increased amount does not require volume cap allocation. If the project closes in an amount less than the approved preliminary allocation amount, the Department will reduce the allocation amount accordingly.

If the FAR is not submitted by the Issuer within 15 days of project closing, then the Issuer will be suspended from receiving any tax-exempt bond volume cap allocation for a period not less than six months. In the event of a suspension, the Pennsylvania Economic Development Financing Authority (PEDFA) will issue bonds during the suspension period on the authority's behalf.

The Issuer will receive written notification of final approval, in form of a final allocation approval certificate. The Issuer must then send the final allocation approval certificate along with the IRS 8038 form to the Internal Revenue Service in order to validate the tax-exempt status of the financing.

VIII. ALLOCATION APPROVAL CRITERIA

Manufacturing Projects: Preliminary Allocation Requests for individual projects are reviewed for completeness and accuracy. Allocations for small issue manufacturing projects are approved on a first-come-first-serve basis throughout the calendar year, as allocation is available.

Exempt Facility Projects: Preliminary Allocation Requests are reviewed for completeness, accuracy, economic and or community benefit, financial need, and readiness to proceed. Allocations for exempt facility projects are approved on a competitive basis. There is no set time period in which an exempt facility allocation request will be approved or denied.

Housing Projects: Preliminary Allocation Requests are reviewed for completeness, accuracy, economic and or community benefit, financial need, and readiness to proceed. Allocations for these projects are approved on a competitive basis. There is no set time period in which the allocation request will be approved or denied.

INTRODUCTION

The Department of Community and Economic Development is pleased to introduce the Single Application for Assistance. The idea is simple. Through one form, applicants can apply for financial assistance from the Department's various funding sources. This approach to economic and community development features effective service and personal attention to the needs of our customers. It also reduces duplicative paperwork, facilitates the coordination of Department resources and allows our customers and department personnel to devote resources to what is important – creating jobs and building strong communities.

DCED encourages you to visit our web site and submit your Single Application for Assistance via on-line submission at:

www.newPA.com

Select the "Funding and Program Finder" bar on the home page.

Instructions for Page 1, Single Application for Assistance

I. PROFILES

Complete **only the applicable information** for the Applicant/Sponsor, Company/Occupant, and Beneficial/Owner sections for your project.

Applicant/Sponsor – Eligible entity completing and submitting the application. Applicant can be a business or corporation, non-profit organization, municipality, industrial authority, local development district, local government or licensed education agency. Depending on the type of project and potential funding source, an applicant/sponsor may be submitting the application on behalf of a company or occupant. Indicate the corporate structure of the applicant by selecting one of the following: For-profit corporation, Non-profit corporation, Government, Partnership or Sole Proprietorship. Please indicate your SAP Vendor Number (if known) for name standardization. If you applied for and received DCED funding in the past, you will have had a SAP Vendor Number assigned to you when you registered with SAP. Please use your company name as registered with SAP.

Business Specifics – Complete this section if there is a business involved in this project. On a separate sheet of paper, enter every additional FEIN used by the company and its affiliates to do business at the project site(s) specified on this application.

Company/Occupant – If the eligible company/occupant occupying the project site is different from the above listed applicant, complete the appropriate information for the company/occupant.

Beneficial Owner/Developer – In some projects there may be three entities involved: 1) applicant/sponsor, eligible entity that is submitting a single application to DCED, 2) company/occupant, entity seeking financial assistance to create or retain existing jobs, 3) beneficial owner/developer, entity that owns the assets to be financed.

Definitions of information requested –

Name – name of entity

CEO – Corporate Executive Officer for the entity

FEIN – Federal Employer Identification Number (9 digits)

NAICS Code – North American Industry Classification System Code

E-mail – electronic mail address

Contact name – person who prepared the application.

PA Revenue Tax Box Number – corporate (for-profit) tax number to conduct business in Pennsylvania

UC# – Unemployment Compensation Number

Current # of Full-time Employees

-in Pennsylvania

-Worldwide

Minority owned – Minority owned company – providing ethnicity is optional.

Woman owned – Woman owned company

Total Sales \$ – Total gross sales last year

Total Export Sales \$ – Total gross export sales last year (outside US)

R&D Investment (% of budget) – % of eligible company's revenue targeted for research & development last year

Employee Training Investment (% of budget) – % of eligible company's revenue targeted for employee training last year

SAP Vendor Number – Number assigned to you by the SAP Master Vendor Unit for any funding to be processed to you.

II. PROJECT SITE LOCATION (S)

Provide the actual address of the project site(s). In addition, include the county, municipality, Pennsylvania House and Senate District numbers, and the U. S. Congressional District number for each project site.

If the project involves the creation of new jobs or the retention of existing jobs within Pennsylvania, provide the following:

- Current number of full-time jobs at project site
- Number of full-time jobs to be created at project site.

Indicate if the project site is located in one or more of the following designated areas:

- DCED or Federal Enterprise Zone
- Brownfield Area
- Act 47 Distressed Community
- Keystone Opportunity Zone
- Prime Agricultural area
- Uses a PA Port for commerce

If this project involves more than one site, please provide the requested information for each site on an additional sheet of paper.

III. PROJECT INFORMATION

If you contacted a DCED representative to discuss funding for this project, indicate the name of the person(s) you have been working with. Providing this information will ensure smoother processing of your application.

Please indicate if you are applying for a specific funding source. If not, DCED will match your request with the source(s) it feels will best meet the needs of your project.

Provide a short project description/name.

If this project is related to a previously submitted project, please provide the project's name or contract number, if available.

IV. TYPE OF ENTERPRISE

Indicate the type of enterprise that will benefit from the requested financial assistance from DCED. If you are submitting on behalf of another entity, select the type of enterprise that best describes that entity (not your entity).

V. FINANCIAL ASSISTANCE

Choose category of DCED financial assistance that this project is requesting.

NOTE: These categories are the same as those used in the Project Budget, section VII.

VI. USE OF FUNDS

Check the appropriate boxes to describe how the DCED financial assistance will be used in this project.

VII. PROJECT BUDGET

GENERAL INSTRUCTIONS: Indicate all sources of funds and project costs, including those not financed with DCED funds. At the top of the columns number (1) through (4), indicate the source of funds that will be used to pay for those items identified in the budget table. Under the source of funds, indicate the Type of Financial Assistance in the box, whether the funds are:

- Federal – public dollars (grants or loans) from the federal government;
- State – public dollars (grants or loans) from the Commonwealth of PA;
- Local – public dollars (grants or loans) from local government;
- Private – non-public dollars; or
- In-kind – other than cash assistance for the project.

Subtotal all of the line items within a category for each of the columns. **Do not use cents when calculating budget amounts.** Then add all of the Category subtotals for each of the columns to arrive at the Total for each source. Use column 5 as a Total for all sources of funding per line item. If your project has more than 4 sources of funding, feel free to duplicate the blank pages and renumber the columns.

If an amount is placed in any of the OTHER categories, you must specify what the money will be used for in the additional space or in the Project Narrative.

NOTE: If the application is approved, the project budget becomes a binding part of the legal contract between the applicant and the Department, so the projected figures must be accurate. Depending on the actual DCED funding source, additional detailed information also may be needed. Please reference the specific program guidelines for those requirements on the DCED web site at www.newPA.com.

V. INDICATE BUDGET CATEGORY OF FINANCIAL ASSISTANCE REQUESTED (Check all appropriate boxes)

Acquisition	Infrastructure / Site Prep	Operating Costs/Working Capital
General Construction	Machinery and Equipment	Related Costs
		Other Costs

VI. HOW WILL THE ASSISTANCE BE USED? (Check all appropriate boxes)

VIII. BASIS OF COSTS

Provide the basis for calculating the costs that are identified in the Project Budget.

IX. PROJECT NARRATIVE

On a separate sheet(s) of paper, provide a typewritten narrative that provides a detailed, comprehensive description of the project. The narrative must specifically address each of the cost items identified in the Project Budget section. **NOTE:** Some funding sources have specific guidelines regarding the narrative necessary to qualify for that particular DCED resource.

In general, the narrative must include:

- A. **Specific Problems to be Addressed or Improvements to be Financed.** Identify the problem(s) that need to be resolved. For projects involving a for-profit business, please provide a brief business background, such as: founding or incorporation date, historic background, product and marketing areas.
- B. **Project Description.** What do you plan to accomplish with this project? How do you plan to accomplish it? Include expected outcomes that are measurable, obtainable, clear and understandable, and valid. Examples of measurable outcomes include jobs created or retained, people trained, land or building acquired, housing units renovated or built, etc.
- C. **Projected Schedule and Key Milestones and Dates.** A detailed project schedule of activities, including key milestones and dates, must accompany this application.
- D. **Documentation to Support Budget Costs.** If required by the funding source, include the supporting documents that are checked under the Basis of Costs section of this application.

If applicable, include:

- E. **Certifications or Assurances.** If requesting a specific funding source, please include any specific certification and/or assurances that are required by that funding source.
- F. **Planning/Zoning Letter.** If the project involves infrastructure activities, provide a letter from the applicant or local planning agency certifying that the proposed project is in compliance with the comprehensive and land use plans and zoning and subdivision codes.
